SUMMARY

Frontend Engineer with experience in React.js, Next.js, JavaScript, and Typescript, specializing in scalable and responsive web applications. Proven experience in agile methodologies, continuous integration, and cross-functional team collaboration.

SKILLS

Programming Languages	JavaScript, TypeScript
Frontend Technologies	React.js, Next.js, HTML, Tailwind CSS, Shadcn UI, TanStack Query
Backend Technologies	Node.js, Express.js, REST APIs, GraphQL, PostgreSQL, MongoDB, Prisma
Development Tools	Docker, Git, Postman, Lighthouse, Jest, Debugging, Firebase

PROFESSIONAL EXPERIENCE

Frontend Engineer Intern (May-September 2025)
Zylentrix (*Remote, London)*

- Built responsive, scalable, and production-ready applications using **Next.js, React, TypeScript, Shadcn UI**.
- Improved performance by analyzing bottlenecks with **Chrome DevTools**, optimizing assets via **CDN-based image delivery**, and reducing **Largest Contentful Paint by 3.2s** to enhance core web vitals.
- Implemented **role-based access control (RBAC)** dashboards, secure **JWT authentication** following **OWASP** practices.
- Utilized **TanStack Query (React Query)** for infinite scrolling and caching, significantly improving perceived performance and user experience.
- Participated in agile sprint, code reviews, technical discussions, to maintain code quality and team productivity.
- Enhanced SEO and accessibility with **Next.js rendering strategies (SSR, SSG, ISR)** and proper **ARIA roles**, leading to improved page indexing and discoverability.
- Integrated **payment gateways**, **admin management**, and deployment automation using **Docker**, custom domains, and CI/CD pipelines to support scalable production releases.

Frontend Developer Intern (Jan-April 2025)
ITUX Solutions (*Remote, Pune)*

- Developed multiple **dynamic** and **reusable component** using **TypeScript**, **React.js** and **Redux.**
- **Tested APIs** through **Postman** and integrated for seamless user **data fetching** and updates, ensuring real-time synchronization with the backend.
- Integrated **Cloudinary** for secure image and document uploads for better user experience.
- Worked with **Redis** for efficient **data caching** and performance optimization.
- Debugged and resolved UI issues, improving **responsiveness, accessibility,** and **cross-browser compatibility**.

PROJECTS

Sens AI (Live)

- Built a Full-Stack AI Career Coach web app using React, Next.js 15, Tailwind CSS, Prisma (Neon DB), Gemini API & Shadcn UI enabling career insights and mock interview preparation.
- Implemented **user authentication** with **Clerk Auth** for secure login and session management.
- Integrated **Google Gemini AI** to generate personalized **insights, role-based questions** & **mock interview scoring**.

EDUCATION

- **CSJM University Kanpur -** Bachelor's in Technology | **December 2021- July 2025**
